Sample

Please note: If candidate has written GED tests more than once, only the highest scores will appear on the transcript.

INFORMATION:

Test

General Educational Development (GED) consists of 5 tests, which measure achievement in subject areas associated with a high school program of study. The 5 tests consist of:

Language Arts, Reading – demonstrate essential skills in literary texts: poetry; drama; prose fiction before 1920, between 1920, 1960, and after 1960 (75%); Nonfiction Prose (25%).

Language Arts, Writing – two parts – Part 1: organization (15%); sentence structure (30%); usage (30%); mechanics (25%). Part II: essay (45-minute direct writing exercise).

Mathematics – number operations and number sense (25%); measurement and geometry (25%); data analysis, statistics, and probability (25%); algebra, functions and patterns (25%).

Science – life science (45%); earth and space science (20%); physical science (includes: chemistry and physics) (35%).

Social Studies – national history (25%); world history (15%); economics (20%); civics and government (25%); geography (15%).

Status

Indicates if candidate passed, failed, or has an incomplete on the test. Passing score is 450 or higher for each test. Incomplete – if candidate has not taken all five tests.

Standard Score

Standard scores range from 200 to 800. A pass is a 450 score or higher. These scores compare performance to a grade 12 student and do not reflect how many the candidate correctly answered on a test.

Percentile Rank

Measured on how the candidate scored in relation to others who have written the same test. The higher the number, the better the candidate did within the group that wrote the test.

Test Date

The date the test was written.

Test Form Used

For internal use only. Indicates which test form was used.
